Sound Design for Stage & Screen

In person at Manchester HOME
Saturday 30th September 2pm - 3.30pm with drinks mixer afterwards

Calling all North West sound practitioners and producers!

Whether you're a theatre or filmmaker, sound is an important factor to consider when developing a project.

This panel discussion will look at how producers connect to sound designers when developing new projects, at what stage in the process collaborators become involved and how the use of sound can expand the impact of live and film based work.

We'll also look at the differences between sound design for stage and screen.

Come along and then stay for a drinks mixer where you might just meet future collaborators!
